

AVON DASSETT CORONAVIRUS SUPPORT-  
07860702749 OR  
covid19@avondassettparishcouncil.com

Avon Dasset is setting up a support network to get our community through the coronavirus situation that is facing us over the next weeks and months. This is being coordinated by Avon Dasset Parish Council.

As the government's guidelines continue to change and more people are either ill or required to self-isolate, there is likely to be a growing need for practical support to be provided to residents. This may include collecting shopping or necessities, collecting prescriptions, or just offering a regular call to ensure that someone is alright. In offering this support, we will follow government guidelines to ensure that the risk of passing on the virus is minimised, for instance by leaving shopping on doorsteps if required.

A dedicated phonenumber has been set up to act as a central point of contact on **07860702749**. In addition, a central email account **covid19@avondassettparishcouncil.com** is also available for use. A page is also being set up on the Parish Council website with a contact form facility, **Please keep these details- you may not need them now, but they may be useful to you in the future.**

It will be helpful for the group to understand the overall health of those in the village. We would be grateful, therefore, if you could share with us if you are showing symptoms, are self-isolating or have been tested positive for coronavirus at any point.

SUPPORT

If you believe you will need help over the coming period, please call the number above, email us, complete the contact form, or leave a short note outside your door for collection on **19th March**.

**If your need is immediate, please call on the above number and we will do our best to provide support now.**

*We will treat all information provided with care, but we may need to share aspects of it with our group of volunteers to enable support to be provided.*

Cont'd

## VOLUNTEERS

To enable this support to be provided, we will need a group of volunteers to coordinate and undertake the tasks needed. Please indicate your willingness to help by providing the following initial information. We will then contact you to discuss in more detail. If possible, please email this to the address above, alternatively drop it into The Reading Room, call the above number or have it available for collection on **19<sup>th</sup> March**.

Name and Address,

Email(s)

Contact number(s)

How we may contact you - Email, Phone, WhatsApp, Text. (all that apply)

*We will treat your information with care, but we may need to share aspects of it with other volunteers and those receiving support to enable support to be provided.*
